

Oxford Preparatory Academy

Board Policy

BP ____

STUDENTS WITH DISABILITIES

The Board of Directors desires to provide educational alternatives that afford students with disabilities full educational opportunities. Students with disabilities shall receive a free appropriate public education and be placed in the least restrictive environment which meets their needs to the extent provided by law. The Board of Directors recognizes the need to actively seek out and evaluate students who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

The Executive Director or designee shall establish a comprehensive system that includes procedures for the identification, screening, referral, and regular and triennial assessment of individuals eligible for special education, as well as procedures for the planning, implementation, and review of the education and related services provided to such individuals. (Education Code 56301)

The identification procedures shall include methods for utilizing referrals from parents/guardians, teachers, appropriate professionals, and others.

The Executive Director or designee shall notify parents/guardians, in writing, of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the right to consent to any assessment concerning their child. In addition, the Executive Director or designee shall notify parents/guardians of procedures for initiating a referral for assessment to identify individuals who need special education services.

Referrals for Special Education Services

A student shall be referred for special education instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Education Code 56303)

All referrals from school staff for special education and related services shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student and their effect. (5 CCR 3021)

Initial Evaluation for Special Education Services

Before the initial provision of special education and related services to a student with a disability, the school shall conduct a full and individual initial evaluation of the student.

Upon receipt of a referral of any student for special education and related services, a proposed evaluation plan shall be developed within 15 days, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days, unless the parent/guardian agrees, in writing, to an extension. If the referral is made within 30 days or less prior to the end of the student's regular school year or term, the proposed evaluation plan shall be developed within 30 days after the beginning of the next regular school year or term.

The proposed evaluation plan shall meet all of the following requirements:

1. Be in a language easily understood by the general public
2. Be provided in the native language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible
3. Explain the types of evaluation to be conducted
4. State that no individualized education program (IEP) will result from the evaluation without parent/guardian consent

(cf. 6159 - Individualized Education Program)

Before conducting an initial evaluation, the school shall provide the parent/guardian with prior written notice in accordance with 34 CFR 300.503. In addition, as part of the evaluation plan, the parent/guardian shall receive written notice that includes all of the following information: (Education Code 56329; 34 CFR 300.304, 300.504)

1. Upon completion of the administration of tests and other evaluation materials, an IEP team meeting that includes the parent/guardian or his/her representative shall be scheduled pursuant to Education Code 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities, as defined in Education Code 56026, and shall discuss the evaluation, the educational recommendations, and the reasons for the recommendations.
2. When making a determination of eligibility for special education, the school shall not determine that the student is disabled if the primary factor for such determination is lack of appropriate instruction in reading, including the essential components of reading instruction as defined in 20 USC 6368, lack of appropriate instruction in mathematics, or limited English proficiency.
3. A copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent/guardian.
4. If the parent/guardian disagrees with an evaluation obtained by the school, he/she has the right to obtain, at public expense, an independent educational evaluation (IEE) of the student from qualified specialists, in accordance with 34 CFR 300.502. The parent/guardian is entitled to only one such evaluation at public expense each time the school conducts an assessment with which the parent/guardian disagrees.

If the school observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of the student, an equivalent opportunity shall apply to the IEE. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the school's proposed placement and setting, if any, regardless of whether the IEE is initiated before or after the filing of a due process hearing proceeding.

5. The school may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its evaluation is appropriate. If the final decision resulting from the due process hearing is that the evaluation is appropriate, the parent/guardian maintains the right for an IEE, but not at public expense.

If the parent/guardian obtains an IEE at private expense, the results of the IEE shall be considered by the school with respect to the provision of a free appropriate public education (FAPE) to the student, and may be presented as evidence at a due process hearing regarding the student. If the school observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to an IEE of the student in the student's current educational placement and setting and in any educational placement and setting proposed by the school, regardless of whether the IEE is initiated before or after the filing of a due process hearing.

6. If the parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the school shall have an opportunity to observe the proposed placement and, if the student has already been unilaterally placed in the nonpublic school by his/her parent/guardian, the student in that proposed placement. Any such observation shall only be of the student who is the subject of the observation and shall not include the observation or evaluation of any other student in the proposed placement unless that other student's parent/guardian consents to the observation or evaluation. The results of any observation or evaluation of another student in violation of Education Code 56329(d) shall be inadmissible in any due process or judicial proceeding regarding FAPE of that other student.

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

(cf. 6164.41 - Children with Disabilities Enrolled by their Parents in Private School)

Parent/Guardian Consent for Evaluations

Upon receiving the proposed evaluation plan, the parent/guardian shall have at least 15 days to decide whether or not to consent to the initial evaluation. The school shall not interpret parent/guardian consent for initial evaluation as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.300)

Informed parental consent means that the parent/guardian: (Education Code 56021.1; 34 CFR 300.9)

1. Has been fully informed, in his/her native language or other mode of communication, of all information relevant to the activity for which consent is sought
2. Understands and agrees, in writing, to the carrying out of the activity for which his/her consent is sought and the consent describes that activity and lists the records (if any) that will be released and to whom
3. Understands that the granting of consent is voluntary on his/her part and may be revoked at any time
4. Understands that if he/she revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked)

The school shall make reasonable efforts to obtain the informed consent of the parent/guardian for an initial evaluation or reevaluation of a student. The school shall maintain a record of its

attempts to obtain consent, including: (Education Code 56321, 56341.5; 34 CFR 300.300, 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

If a parent/guardian refuses to consent to the initial evaluation or fails to respond to a request to provide consent, the school may, but is not required to, pursue an evaluation by utilizing the procedural safeguards, including the mediation and due process procedures pursuant to 20 USC 1415 and 34 CFR 300.506-300.516. (Education Code 56321; 34 CFR 300.300)

For a student who is a ward of the state and not residing with his/her parent/guardian, the school may conduct an initial evaluation without obtaining informed consent if any of the following situations exists: (Education Code 56321.1; 20 USC 1414; 34 CFR 300.300)

1. Despite reasonable efforts to do so, the school cannot discover the whereabouts of the parent/guardian of the student.
2. The rights of the parent/guardian of the student have been terminated in accordance with California law.
3. The rights of the parent/guardian to make educational decisions have been subrogated by a judge in accordance with California law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student.

(cf. 6159.3 - Appointment of Surrogate Parent for Special Education Students)

The school need not obtain parent/guardian consent before reviewing existing data as part of an evaluation or administering a test or other evaluation that is administered to all students, unless consent is required from the parents/guardians of all students. (Education Code 56321; 34 CFR 300.300)

Conduct of the Evaluation

The school shall complete the determination as to whether the student is a student with a disability, conduct the initial evaluation to determine his/her educational needs, and develop an IEP within 60 days of receiving informed parent/guardian consent for the evaluation. (Education Code 56344; 34 CFR 300.300, 300.301)

The evaluation shall be conducted by qualified personnel who are competent to perform the assessment as determined by the school. (Education Code 56320, 56322)

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. (34 CFR 300.302)

In conducting the evaluation, the school shall use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student. The school shall also use any information provided by the parent/guardian that may assist the school

in making the determination as to whether the student is a student with a disability and, if so, the necessary components of his/her IEP when the IEP is developed, including information related to enabling the student to be involved in and to progress in the general education curriculum. (34 CFR 300.304)

The school's evaluation shall not use any single measure or assessment as the sole criterion for determining whether a student is a student with a disability and for determining the appropriate educational program for the student. The assessment shall use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. (34 CFR 300.304)

The school shall also ensure that assessments and other evaluation materials provide relevant information that assists in determining the student's educational needs and are: (Education Code 56320; 34 CFR 300.304)

1. Selected and administered so as not to be discriminatory on a racial, cultural, or sexual basis
2. Provided and administered in the language and form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer
3. Used for the purposes for which the assessments or measures are valid and reliable
4. Administered by trained and knowledgeable personnel
5. Administered in accordance with any instructions provided by the producer of the assessments
6. Tailored to assess specific areas of educational need and not merely designed to provide a single general intelligence quotient
7. If administered to a student with impaired sensory, manual, or speaking skills, selected and administered to best ensure that the results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure.

Students shall be assessed in all areas related to the suspected disability, including, if appropriate, health and development, vision (including low vision), hearing, motor abilities, language function, general intelligence, academic performance, communicative status, self-help, orientation and mobility skills, career and vocational abilities and interests, and social and emotional status. When appropriate, a developmental history shall be obtained. The school shall ensure that the evaluation is sufficiently comprehensive to identify all of the student's special education and related service needs, whether or not commonly linked to the disability category in which the student has been classified. (Education Code 56320; 34 CFR 300.304)

As part of the initial evaluation and any reevaluation, the IEP team and other qualified professionals shall, if appropriate, review existing evaluation data on the student, including evaluations and information provided by the parents/guardians, current classroom-based local or state assessments and classroom-based observations, and observations by teachers and related services providers. On the basis of that review and input from the student's parent/guardian, the team shall identify what additional data, if any, are needed to determine: (Education Code 56381; 34 CFR 300.305)

1. Whether the student is a student with a disability, or in the case of a reevaluation, whether the student continues to have a disability, and the educational needs of the student
2. The present levels of academic achievement and related developmental needs of the student
3. Whether the student needs, or continues to need, special education and related services
4. Whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in his/her IEP and to participate, as appropriate, in the general education curriculum

If a student has transferred from another school in the same school year or leaves this school, the school shall coordinate with the student's prior or subsequent school as necessary and as expeditiously as possible to ensure prompt completion of full evaluations. (34 CFR 300.304)

Members of the IEP Team

The IEP team for any student with a disability shall include the following members: (Education Code 56341, 56341.5; 20 USC 1414(d)(1); 34 CFR 300.321)

1. One or both of the student's parents/guardians and/or a representative selected by them
2. If the student is or may be participating in the regular education program, at least one of the student's regular education teachers designated by the Executive Director or designee to represent the student's teachers

The regular education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of appropriate positive behavioral interventions, supports, and other strategies for the student, and supplementary aids and services, program modifications, and supports for school personnel that will be provided for the student, consistent with 34 CFR 300.320. (Education Code 56341; 20 USC 1414(d)(3)(C); 34 CFR 300.324)

3. At least one of the student's special education teachers or, where appropriate, special education providers
4. A representative of the organization who is:
 - a. Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities
 - b. Knowledgeable about the general education curriculum
 - c. Knowledgeable about the availability of school and/or special education local plan area (SELPA) resources
5. An individual who can interpret the instructional implications of assessment results
6. At the discretion of the parent/guardian or the Executive Director or designee, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate

The determination of whether the individual has knowledge or special expertise regarding the student shall be made by the party who invites the individual to be a member of the IEP team.

7. Whenever appropriate, the student with a disability

In the development, review, or revision of his/her IEP, the student shall be allowed to provide confidential input to any representative of his/her IEP team. (Education Code 56341.5)

8. When the student is suspected of having a specific learning disability, at least one individual who is qualified to conduct individual diagnostic examinations of the student such as a school psychologist, speech language pathologist, or remedial reading teacher

In accordance with 34 CFR 300.310, at least one team member other than the student's regular education teacher shall observe the student's academic performance and behavior in the areas of difficulty in his/her learning environment, including in the regular classroom setting. If the child is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age.

In the following circumstances, the Executive Director or designee shall invite other specified individuals to an IEP team meeting:

1. When the student has been placed in a group home by the juvenile court, a representative of the group home shall be invited to attend IEP team meetings. (Education Code 56341.2)
2. If the student was previously served under the Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004), and upon request of the student's parent/guardian, the Executive Director or designee shall invite the Infant and Toddlers with Disabilities Coordinator or other representative of the early education or early intervention system to the initial IEP team meeting to assist with the smooth transition of services. (Education Code 56341; 20 USC 1414(d)(1)(D); 34 CFR 300.321)

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian and the school agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. Even if the meeting involves a discussion of the IEP team member's area of the curriculum or related service, the member may be excused from the meeting if the parent/guardian, in writing, and the school consent to the excusal after conferring with the member and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (Education Code 56341; 20 USC 1414(d)(1)(C); 34 CFR 300.321)

Eligibility Determination

Upon completion of the administration of assessments and other evaluation measures, a group of qualified professionals and the parent/guardian shall determine whether the student is a student with a disability and, if so, his/her educational needs. In interpreting the data, the group shall draw information from a variety of sources, including aptitude and achievement tests,

parent/guardian input, and teacher recommendations, as well as information about the student's physical condition, social or cultural background, and adaptive behavior. The group shall ensure that the information obtained from these sources is documented and carefully considered. (34 CFR 300.306)

The personnel who evaluate the student shall prepare a written report of the results of each evaluation. The report shall include, but not be limited to, the following: (Education Code 56327)

1. Whether the student may need special education and related services
2. The basis for making the determination
3. The relevant behavior noted during the observation of the student in an appropriate setting
4. The relationship of that behavior to the student's academic and social functioning
5. The educationally relevant health, developmental, and medical findings, if any
6. For students with learning disabilities, whether there is such a discrepancy between achievement and ability that it cannot be corrected without special education and related services
7. A determination concerning the effects of environmental, cultural, or economic disadvantage, where appropriate
8. The need for specialized services, materials, and equipment for students with low incidence disabilities, consistent with Education Code 56136

When making a determination of eligibility for special education and related services, the school shall not determine that a student is disabled if the primary factor for such determination is a lack of appropriate instruction in reading, including the essential components of reading instruction pursuant to 20 USC 6368, lack of instruction in mathematics, limited English proficiency, or that the student does not otherwise meet the eligibility criteria. (Education Code 56329; 34 CFR 300.306)

If a determination is made that a student has a disability and needs special education and related services, an IEP shall be developed within a total time not to exceed 60 days, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days, from the date of the receipt of the parent/guardian's consent for evaluation, unless the parent/guardian agrees, in writing, to an extension. (Education Code 56043; 34 CFR 300.306)

Independent Educational Evaluation

The parents/guardians of a student with a disability have the right to obtain an IEE at public expense under the same criteria that the school uses for a school-initiated evaluation. An independent educational evaluation is an evaluation conducted by a qualified examiner who is not employed by the school. Public expense means the school either pays for the full cost of the IEE or ensures that the evaluation is otherwise provided at no cost to the parent/guardian. (Education Code 56329; 34 CFR 300.502)

The parent/guardian is entitled to only one IEE at public expense each time the school conducts an evaluation with which the parent/guardian disagrees. (Education Code 56329; 34 CFR 300.502)

If a parent/guardian has requested an IEE, the school may ask for the reason that he/she objects to the school's evaluation. However, the parent/guardian is not required to provide the reason to the school. (34 CFR 300.502)

Upon receiving the request for an IEE, the school shall, without unnecessary delay, either: (34 CFR 300.502)

1. File a due process complaint to request a hearing to show that its evaluation is appropriate
2. Ensure that an IEE is provided at public expense, unless the school can later demonstrate at a hearing that the evaluation obtained by the parent/guardian did not satisfy the school's criteria

If a due process hearing decision determines that the school's evaluation is appropriate, then the parent/guardian may obtain an IEE but not at public expense. (34 CFR 300.502)

In any decision made with respect to providing FAPE to a student with a disability, the result of any IEE obtained by the student's parent/guardian shall be considered by the school if it meets school criteria. Any such result also may be presented as evidence at a hearing on a due process complaint. (34 CFR 300.502)

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Executive Director or designee shall ensure that a meeting to develop an initial IEP is conducted. (34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56341.1, 56345; 20 USC 1414(d)(3)(A); 34 CFR 300.324)

1. The strengths of the student
2. The concerns of the parents/guardians for enhancing the education of their child
3. The results of the initial or most recent assessment of the student

4. The academic, developmental, and functional needs of the student
5. In the case of a student whose behavior impedes his/her learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior
6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP
7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, his/her future needs for instruction in Braille or the use of Braille, and other appropriate reading and writing media.

8. The communication needs of the student and, in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services

If, in considering the special factors in items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The school shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (Education Code 56344; 34 CFR 300.323)

The Executive Director or designee shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Executive Director or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Executive Director or designee shall ensure that a meeting to develop an initial IEP is conducted. (34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56341.1, 56345; 20 USC 1414(d)(3)(A); 34 CFR 300.324)

1. The strengths of the student
2. The concerns of the parents/guardians for enhancing the education of their child
3. The results of the initial or most recent assessment of the student
4. The academic, developmental, and functional needs of the student
5. In the case of a student whose behavior impedes his/her learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior
6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP
7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, his/her future needs for instruction in Braille or the use of Braille, and other appropriate reading and writing media.

8. The communication needs of the student and, in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services

If, in considering the special factors in items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other

program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The school shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (Education Code 56344; 34 CFR 300.323)

The Executive Director or designee shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Executive Director or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

Reevaluation

A reevaluation shall be conducted when the school determines that the educational or related service needs of the student, including improved academic achievement and functional performance, warrant a reevaluation or if the student's parent/guardian or teacher requests reevaluation. Such reevaluations shall occur every three years, unless the parent/guardian and school agree in writing that a reevaluation is unnecessary. A reevaluation may not occur more than once a year, unless the parent/guardian and the school agree otherwise. (Education Code 56043, 56381; 34 CFR 300.303)

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the school shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with a disability by submitting a written request to the Executive Director or designee. The Executive Director or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Executive Director or designee shall convene an IEP team meeting, which shall be held within 30 days of the Executive Director or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the school fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414(d); 34 CFR 300.324)

If a student with a disability residing in a licensed children's institution or foster family home has been placed by the school in a nonpublic, nonsectarian school, the Executive Director or

designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

(cf. 6159.2 - Nonpublic, Nonsectarian School and Agency Services for Special Education)
(cf. 6173.1 - Education for Foster Youth)

To the extent possible, the Executive Director or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414(d)(3)(A); 34 CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Executive Director or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Executive Director or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (20 USC 1414(d)(3)(D); 34 CFR 300.324)

Audio Recording of IEP Team Meetings

Parents/guardians and the Executive Director or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the Executive Director or designee gives notice of intent to audio record a meeting and the parent/guardian objects or refuses to attend because the meeting would be audio recorded, the meeting shall not be audio recorded. Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings
2. Request that an audio recording be amended if they believe it contains information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights
3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights

Parent/Guardian Participation and Other Rights

The Executive Director or designee shall take steps to ensure that one or both of the parents/guardians of the student with a disability are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. (Education Code 56341.5; 34 CFR 300.322)

The Executive Director or designee shall send parents/guardians notices of IEP team meetings that: (Education Code 56341.5; 34 CFR 300.322)

1. Indicate the purpose, time, and location of the meeting
2. Indicate who will be in attendance at the meeting
3. Inform them of:

- a. Their right to bring to the meeting other individuals who have knowledge or special expertise about the student, pursuant to Education Code 56341(b)(6)

At each IEP team meeting convened by the school, the school administrator or specialist on the team shall inform the parent/guardian and student of the federal and state procedural safeguards included in the notice of parental rights provided pursuant to Education Code 56321. (Education Code 56500.1)

The parent/guardian shall have the right and opportunity to examine all of his/her child's school records upon request, before any IEP meeting, and in connection with any hearing or resolution session on matters affecting his/her child, including, but not limited to, initial formal assessment, procedural safeguards, and due process. Upon receipt of an oral or written request, the Executive Director or designee shall provide complete copies of the records within five business days. (Education Code 56043, 56504)

The parent/guardian shall have the right to present information to the IEP team in person or through a representative and the right to participate in meetings that relate to eligibility for special education and related services, recommendations, and program planning. (Education Code 56341.1)

If neither parent/guardian can attend the meeting, the Executive Director or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (Education Code 56341.5; 20 USC 1414(f); 34 CFR 300.322)

An IEP team meeting may be conducted without a parent/guardian in attendance if the Executive Director or designee is unable to convince the parent/guardian that he/she should attend. In such a case, the Executive Director or designee shall maintain a record of the attempts to arrange a mutually agreed upon time and place for the meeting, including: (Education Code 56341.5; 34 CFR 300.322)

1. Detailed records of telephone calls made or attempted and the results of those calls
2. Copies of correspondence sent to the parent/guardian and any responses received
3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

The Executive Director or designee shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (Education Code 56341.5; 34 CFR 300.322)

The Executive Director or designee shall give the parents/guardians of a student with a disability a copy of his/her child's IEP at no cost. (Education Code 56341.5; 34 CFR 300.322)

Parent/Guardian Consent for Provision of Special Education and Services

Before providing special education and related services to any student, the Executive Director or designee shall seek to obtain informed consent of the student's parent/guardian pursuant to 20 USC 1414(a)(1). The school shall not provide services by utilizing the due process hearing procedures pursuant to 20 USC 1415(f) if the parent/guardian refuses to consent to the initiation of services. If the parent/guardian does not consent to all of the components of the IEP, then

those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the Executive Director or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415(f). While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Executive Director or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Executive Director or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Executive Director or designee shall not request a due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. (Education Code 56346; 34 CFR 300.300, 300.503)

Prior to the discontinuation of services, the Executive Director or designee may offer to meet with the parents/guardians to discuss concerns for the student's education. However, this meeting shall be voluntary on the part of the parent/guardian and shall not delay the implementation of the parent/guardian's request for discontinuation of services. In addition, the Executive Director or designee shall send a letter to the parent/guardian confirming the parent/guardian's decision to discontinue all services.

When the school ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with a disability who is transferring into the school, the Executive Director or designee shall take reasonable steps to promptly obtain the student's records, including his/her IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the school from another school within the same SELPA during the school year, the school shall continue to provide services comparable to those described in the student's existing IEP, unless his/her parent/guardian and the school agree to develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the school from a school outside of the school's SELPA during the school year, the school shall provide the student with FAPE, including services comparable to those described in the previous school's IEP. Within 30 days, the Executive Director or designee shall, in consultation with the student's parents/guardians, adopt the previous school's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the school from an out-of-state school during the school year, the school shall provide the student with FAPE, including services comparable to the out-of-state school's IEP, in consultation with the parent/guardian, until such time as the Executive Director or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (Education Code 56325; 34 CFR 300.323)

The school shall ensure that any reevaluations of the student are conducted in accordance with the evaluation procedures pursuant to 34 CFR 300.304-300.311. (34 CFR 300.303)

Before entering kindergarten or first grade, children with disabilities who are in a preschool program shall be reevaluated to determine if they still need special education and services. IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs to ensure that gains made are not lost by a rapid removal of individualized programs and supports for these children. (Education Code 56445)
